In order to participate in the contests, creating your profile on TCS careers portal is mandatory,

Those who already have a CT Ref ID need **NOT** to register again, just follow the steps from **page 2** to register for the contests
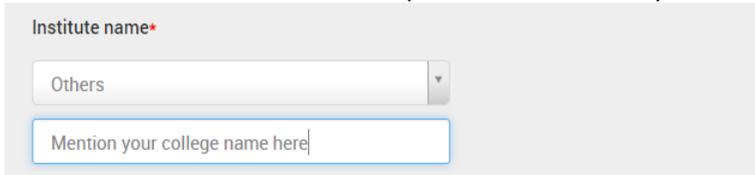

To create your profile: Step 1 - **Go to https://nextstep.tcs.com/campus**

Click on **Register** here > **IT**

Step2 - Fill in the details

- Select the Gender title Mr. or Ms. (Whichever is applicable)
- Provide your name & DOB as per the records
- Mention your email ID & select the domain from the drop down
- Mention your mobile no with code 91 before the number
- Select "**Others"** from institute dropdown and mention your college name

Institute name*

Others ▾

Mention your college name here

- Select your Qualification from the drop down- Bachelor of Engineering/ Master of Technology / Master of Computer Application (whichever is applicable)
- Select your year of passing- 2018 /2019 (whichever is applicable)
- Click on the link to select Bangalore as nearest test location
- Set your own password the TCS password policy (Containing Uppercase, lower case, numeric no and special character – For example: Tata@2017
- Select any security question and answer
- Type the Character as shown and submit the form

On successful registration form submission, a DT Ref ID appears on the screen please, make a note of the same. At the same time a mail with ref ID and password set by you, will be sent to your email ID
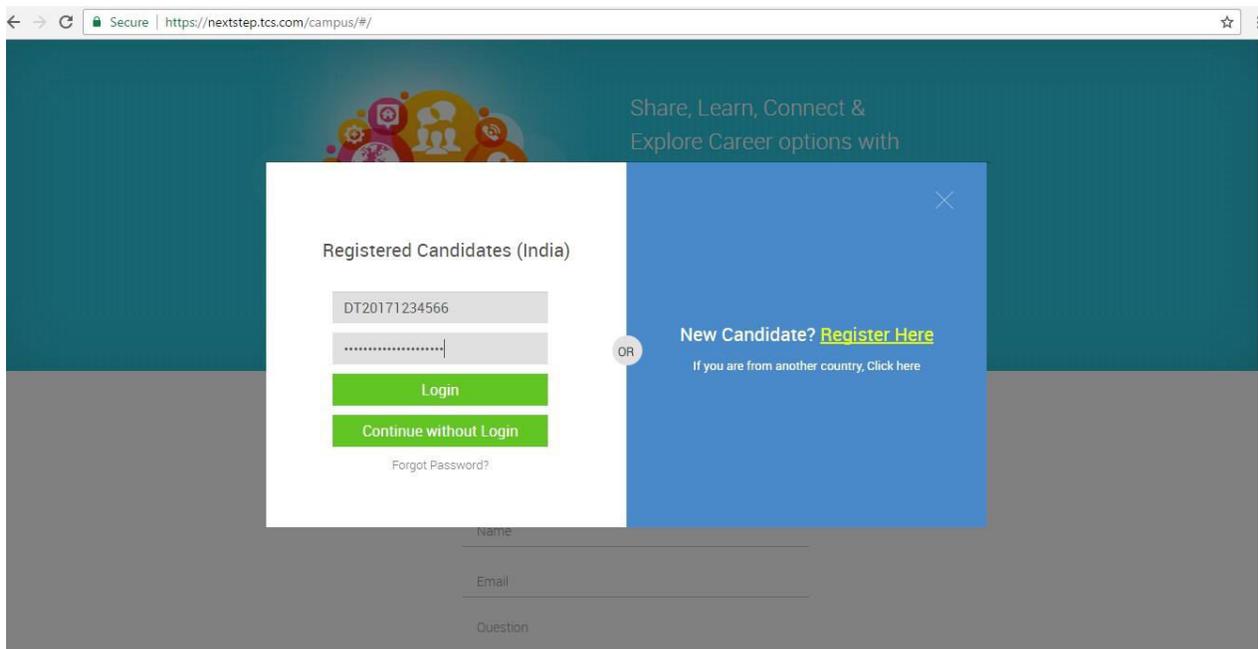

To register for the contests:

Once you get the DT/CT Ref ID & the password, refresh the page or go to

https://nextstep.tcs.com/campus

Step1 - Click on **Campus Commune > Take me there**

Step -2 Key in your DT/CT Ref ID & Password (Please note that your account will be locked if you attempt 3 times with wrong credentials, Please check your mail box incase if you're not sure about the same)
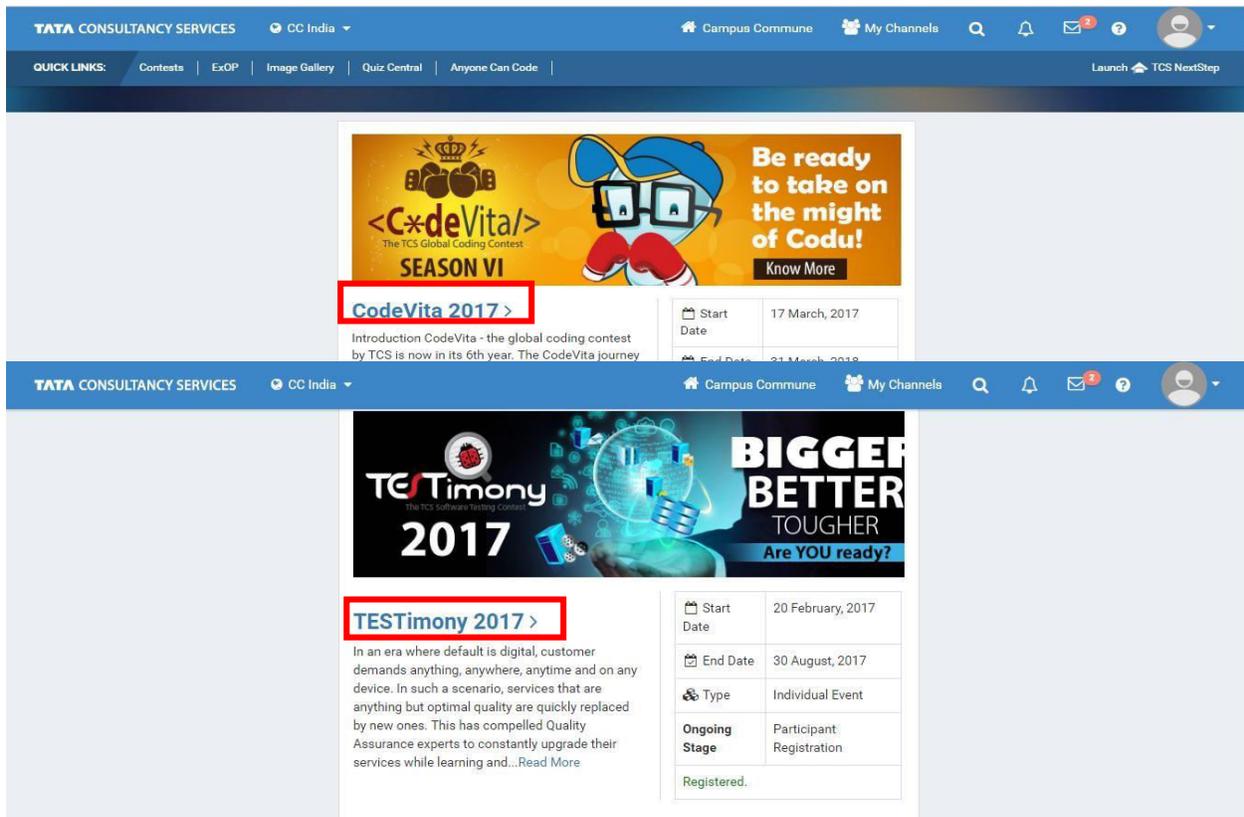

Step 3 - On the **Campus Commune** home page, click on **Contests**

Step 4 - Click on title of the contest > Register > Enter your mobile # > Accept the T & C

CodeVita and Testimony contests would be attempted **individually, and no team is required to be formed.**

EngiNX is a team event, you are required to form a team in order to participate in this contest.

- Each team should have 4 members. (1 Lead + 3 Members)

- You can take anybody from any branch (2018 & 2019 batch) within the institute

- Team lead to register first, generate a code and share the same with other 3 members

- Members to login to their respective account > Register >Enter mobile # > Enter the code shared

  by Lead > Join the team

- Once all 3 members submit the code team lead should login to his/her account & confirm all of them

Each team qualifying for the Grand finale will be reimbursed up to an amount of **Rs.100,000/-** (Rupees One Lac only) which is to be utilized towards developing the working model of the proposition submitted. TCSL would encourage development of a working model which is compact and portable

For any queries/ login issues, please feel free to write to
