CIRCULAR

Subject: Invitation for the *Fourth International Workshop on Sustainable Design - Small Is Beautiful 2019*, 9 to 16 September 2019, Belgaum, India and Jerusalem, Israel

The Department of Water & Land Management, VTU P.G Centre, Belagavi, and Institute of Environmental Architecture and Research (IEAR), Mumbai in collaboration with Bezalel Academy of Arts, Jerusalem, Israel (<http://www.bezalel.ac.il/en/>) is jointly organizing an International Workshop on Sustainable Design simultaneously at the Visvesaraya Technological University (VTU) Belagavi in India and at the Bezalel Academy of Arts campus, Jerusalem from 9 - 16 September 2019.

The week-long workshop will include virtual audio-visual lectures and presentations simultaneously in India and Israel, site visits and design development mentored by designers, architects, industrial designers and visual communication professionals from India and Israel. This is the fourth consecutive year of the workshop the pedagogical narrative of which was presented at the European Academy of Design in Rome in 2017. The theme of the workshop is "**Small is beautiful: A study of design as if people mattered**". The emphasis of the workshop is on design of efficient and sustainable spaces for communities. Case studies have been identified in Belagavi and Jerusalem to explore different typologies of small houses.

Students, professionals and academicians from Architecture, Engineering, Urban Design/ Planning, Interiors, Social work, Environmental Design/ Science, Marketing Management, Sociology, Psychology, Visual Communications, Applied Arts and Industrial Design are eligible to participate in the week-long workshop. The brochure for the workshop and the detailed program are attached.

ABOUT VTU

Visvesvaraya Technological University named after Bharath Rathna Sir. M. Visvesvaraya is established in the year 1998 by the Government of Karnataka in order to promote planned & sustainable developments of technical education consistent with state & national policies, to supply the manpower of appropriate kind & quality to meet the needs of the research programmes, inter disciplinary programme & knowledge infrastructure through constituent institutions & facilities. The VTU is one of the prestigious & largest technological universities in India with 220 Engineering colleges affiliated to it. VTU imparts technical education to more than 4 lakh students under its 35 UG & 94 PG programs. There are over 592 departments of affiliated colleges recognized as research centres across the state. Recently the university is awarded with the crown as Best University in the country with regard to use of advanced technology in the field of conduct of examination, evaluation & result declaration. The VTU has established 25 extension centres/centres of Excellence throughout Karnataka & entered MOUs with more than 25 reputed National & International organisations/ Multinational companies. It is known for having different pedagogy, procedures, traditions, excellent physical infrastructure, & also known for having a pool of intellectual & professional academicians.

WATER & LAND MANAGEMENT DEPARTMENT

VTU introduced Department of Water and Land Management in the year 2011 to prepare specialist to address the challenges related to water and land resources. The Department offers M. Tech programme in Water and Land Management. The programme is the integration of Environmental Engineering, Water Resource Engineering and Geospatial technology. Faculty of the department offer wide professional expertise and actively pursue sponsored research, consultancy and technical services. The department is also very active in manpower development and regularly organizes tailor-made workshops and training programmes.
