ABOUT VTU

Visvesvaraya Technological University (VTU) is one of the largest Technological Universities in India. It came into existence in the year 1998 to cater the needs of Indian industries for trained technical manpower with practical experience and sound theoretical knowledge. University has very successfully achieved the tremendous task of bringing various colleges affiliated earlier to different Universities, with different syllabi, different procedures and different traditions under one umbrella.

It has four regional centres across the State of Karnataka in Belagavi, Bengaluru, Kalaburagi and Mysuru respectively. University is comprised of a multi-disciplinary and multi-level institution offering wide ranging programmes in engineering, technology and management. The University is making steady progress in developing and providing best technical environment for education and will continue to serve the nation in coming years.

VTU is the first university in the country to adopt Innovative steps in the examination reforms by adopting Digital Evaluation System. VTU has established Centre of Excellence at various places in Karnataka in different scopes to bring a change in the technology and society.

- VTUBio-Fuel Information and Demonstration Centre at Belagavi
- VTU centre for Nanotechnology at Bengaluru
- VTU National Academy for Skill Development at Dandeli in Uttar Kannada District
- VTU Innovation Clubs at VTU and in Affiliated Engineering Colleges.

- E-Learning Centre and Bosch Centre of Competence at Mysuru.

ABOUT CENTRE FOR PG STUDIES, VTU, MYSURU

The VTU Centre for PG Studies, VTU (CPGS), Mysuru located at Sathagalli has all the infrastructure required for imparting quality education through its well structured administrative and academic staff for overall development of students' personality. The centre offers seven full time postgraduate programmes namely MBA, MCA and M.Tech. in Structural Engineering, Digital Electronics & Communication Systems, Thermal Power Engineering, Computer Science & Engineering and Industrial Automation Engineering.

All the departments have well qualified faculty members at all levels and faculty are involved actively in research and development activities through various sponsored research programmes.

OBJECTIVES

- To train the educators in the key and advanced subjects.
- To boost the faculty members to develop interest amongst the student community to learn the course and also clarify their doubts.
- To equip the educators to adopt apt teaching and evaluation methodologies for the given course.
- To enhance the knowledge about the subject
- To help in understanding the concepts for ease of delivery.
- To train the trainers for interactive classes.

EXPECTED OUTCOMES

- The enhancement in the knowledge of the trained course.
- Establishment of forum of the course teachers.
- Sharing expertise.
- Improved attainments of course outcomes.
- Plan quizzes, internal assessment Question

- Improved setting of the question papers and Evaluation scheme.

- Improved University results.

WHO CAN APPLY

- Faculty members of affiliated and Constituent Engineering colleges of VTU who shall handle the course in upcoming semesters.
- Experience above 3 years in teaching and handling the course for forthcoming semester.

RESOURCE PERSONS

Leading academicians from IISc, IIT, NIT and Affiliated Colleges

SELECTION OF PARTICIPANTS

The batch size of the participants is limited to about 75. Selection will be done on first cum first serve basis. Selected candidates will be intimated by e-mail. If the number of applicants is far higher than the batch size, the applicants in excess will be accommodated in subsequent training programs.

ACCOMMODATION & TA/DA

Shortlisted/selected outstation participants will be provided accommodation on sharing basis at VTU Hostels subject to availability.

No Travel/Daily Allowances are applicable

REGISTRATION FEES

There is no Registration Fee:
