Date: 01st October 2018

To

The Principals of all affiliated/constituent
Engineering colleges in Mysuru Region.

Sir/Madam,

Sub: TEQIP 1.3 sponsored one day workshop on "101 ways of improving Employability for UG students" at VTU PG Centre, Mysuru on 13-10-2018.

Ref: Office order of the Registrar, VTU, Belagavi - No. VTU/TEQIP/2018/181 Dtd: 27-09-2018

As per the directions of the Registrar, VTU, Belagavi and vide above reference, TEQIP 1.3 sponsored one day workshop on "101 ways of improving Employability for UG students" is being organized by VTU Post Graduation Centre, Mysuru on 13th October 2018 (Saturday).

The identified Resource person for the workshop is Prof. Aravind kulkarni. The training is planned for placement officer or a Senior Faculty member from each affiliated/constituent college. The colleges are also expected to get one MSME entrepreneur to the workshop.

In this connection, The Principals of all affiliated/constituent Engineering colleges in Mysuru Region (including colleges coming under VTU Extension centre, Mangaluru) are hereby requested to depute the placement officer or one Senior Faculty member and one identified entrepreneur to attend the workshop.

There is no registration fee and TA/DA is to be borne by the respective colleges. The deputed participants are requested to register their name by giving the details in the enclosed registration form on or before 09th October 2018 through email: sovtumysore@gmail.com and/or sajjalprakash@gmail.com. The hard copy of the filed registration form has to be submitted on the same day of workshop. For further details please contact the workshop coordinator-Dr.S.B.Prakash, Professor & Chairman, Dept. of Thermal Power Engineering, VTU P.G. Centre, Mysuru (Mobile: 98445-51111).

Thanking you,

Yours Sincerely

Regional Director

About the VTU

Visvesvaraya Technological University is named after a great Indian engineer, scholar, statesman and the recipient of highest honor 'Bharata Ratna' Sir. M. Visvesvaraya. University is establishing a trend of outstanding excellence since 1998. It has carved a unique niche for itself in the highest echelon of technological education in India. VTU is one of the largest Technological Universities in India, having 20 colleges affiliated to it with under graduate course in 28 disciplines and PG program in 71 disciplines. Every year more than a lakh students graduate from this University who are the next generation technical leaders, thinkers, innovators and scholars. VTU has research programs leading to the award of M. Sc. (Engg.) by research and Ph.D. High caliber academic initiatives coupled with technological support have made the VTU a pioneer University in bringing about technological knowledge evolution in the state of Karnataka.

VTU Regional Center, Mysuru Region

1. VTU Center for PG Studies- Mysuru

It has started in the academic year 2011-12 with good campus environment which is facilitating the smooth running of education imparting. It has currently five PG courses namely Industrial Automation, Thermal Power Engineering, Computer Science, Digital Electronics & Communication Systems, Structural Engineering. It has MCA and MBA with specialization of HR, Finance and Marketing.

2. BOSCH Centre

Visvesvaraya Technological University has established the VTU-Bosch Rexroth Centre of Competence in Automation Technology in collaboration with Bosch Rexroth AG – Germany at its extension centre Mysore. The Centre aims at training industry personnel and students of Engineering, Diploma and ITI Colleges in the Automation field to enable Industry personnel, faculty and student to have hands on experience and up gradation of knowledge and skills which is an essential element for the growth of industry.

3. E-Learning Centre

In today's advanced world, e-Education is the process of learning where computers are used at each possible steps of the process: enrollment, instruction design, content delivery, evaluation, assessment and support. Technology enhanced learning (TEL) has the goal to provide socio-technical innovations for e-learning practices to the individuals and organizations, independent of time, place and pace.

Objective of the Workshop

To enable the participants to learn the skills related to employability and impart it to the students of their respective institutions.
