About the University

Visvesvaraya Technological University (VTU) is one of the largest Technological Universities in India with 20 years of Tradition of excellence in Engineering & Technical Education, Research and Innovations. VTU is having 218 affiliated colleges, 1 constituent college and 17 Autonomous colleges with undergraduate courses in 35 disciplines, PG program in 94 disciplines and Ph.D & M.sc (Engg.) with research programs in 592 departments, over 4 lakhs Engineering Students study in the various institutes affiliated to the University. The University has 13 Quality Improvement Programme (QIP) centers in various affiliated colleges and 16 extension centers for offering PG programs. VTU as an educational institution offering various technical courses is playing a vital role in creating job opportunities and economic development of the country.

The VTU has its operations in four regional centres situated all over Karnataka. The centres are located at Belagavi, Bengaluru, Mysuru and Kalburgi offering Masters Degrees in Technology, Management, IT and Doctoral programmes in these streams. The university is involved in extensive research in Science, Technology and Management with both funded and non-funded projects. All these research activities are undertaken by the competent, experienced and intellectual faculties on regular basis. The university regional offices possess high tech labs, infrastructure and all other facilities required for research on par with global standards.

About the PG Centre, Muddenahalli

The Visvesvaraya Technological University, Post Graduate Center, Bengaluru Region as around 200 acres campus located at Muddenahalli, Chikkaballapur (Dist), Which is birth place of great legend Bharatha Ratna Sir M. Visvesvaraya. It has all necessary infrastructure required for imparting quality education through its well structured administrative and academic staff for overall development of student's personality.

Today the Dept. of PG Studies has five full time post graduate programmes in M.Tech, MBA and MCA. All the departments have well qualified faculty at all level and are involved in research and development actively through various sponsored research programmes. The VTU, Bengaluru Region has linked MoU with various research organizations and industries to meet the demand of educational projects. By the roadmap sketched by its different department it wishes to scale high towards establishing this PG Centre as one of the model center with its enthusiastic academically strengthened team of faculty.

About the MBA Department

Department of Master of Business Management was established in the year of 2011 with an intake of 120 students. Department also offers Master of Business Management in Infrastructure Management for engineering graduates. Department has qualified and experienced, research oriented faculty to motivate the young students towards current industrial requirements in the globe.

About the Workshop

The importance of management education has been increasing in many folds, it has played pivotal role in social uplift and triggering the entrepreneurial spirit in a society. The management professionals need to update and upgrade their skills and knowledge to meet the challenges of the highly competitive environment. This Workshop will create a platform for Interaction and exchange of ideas which will certainly contribute towards generation and enrichment of knowledge. It blends student's innovative ideas with Academia and Industry to a common forum.

The batch size of the participants will be limited to about 100 participants. Selection will be based on first come first served basis. Preference will be given for the IV Semester MBA students from the Institutions affiliated to VTU.
