Professional Elective Courses (PECs)			
PEC-III		PEC-IV	
Code	Title of the Course	Code	Title of the Course
1MCCS205A/1MCAS205A /1MCSE205A	Structural Analysis by Finite Element Method and Non linear FEM	1MCAS206A/1MCSE206E	Computational Structural Mechanics
1MCAS205B	Structural Actions and Member Response for Design	1MCAS206B	Construction Materials and their Properties
1MCAS205C	Advanced Structural Analysis (Nonlinear and Stability)	1MCCS206A/ 1MCAS206C/1MCSE206A	Advanced Construction Material characterization techniques
1MCAS205D	Free and Forced Vibrations of Structural Elements	1MCCS206C/1MCAS206D	Design of Precast and Composite Structures
1MCAS205E	Advanced Design of Structural Elements	1MCCS206E/1MCAS206E	Geotechnical Aspects of Foundation and Earth Retaining Structures
1MCCS205F/1MCAS205F/ 1MCSE205F	Reliability Engineering & Risk Assessment	1MCCS206F/ 1MCAS206F/1MCSE206F	Fiber Reinforced Polymers and Mechanics of Composite Materials

Overview of Courses, Credits, Projects, and Internships under VTU Curriculum

I. Abbreviations used in the Scheme of Teaching and Examinations

Abbreviations	Expanded Form of the Abbreviations
AICTE	All India Council of Technical Education
NCrF	National Credit Framework
VTU	Visvesvaraya Technological University
AEC	Ability Enhancement Course
ASC	Applied Science Course
BSC	Basic Science Course
CIE	Continuous Internal Evaluation
CI	Classroom Instruction
CCA	Continuous Comprehensive Assessment
CGPA	Cumulative Grade Point Average
CUL	Cultural
COE	Centre for Online Education
HSMC	Humanities Studies and Management Course
IPCC	Integrated Professional Core Course
LI	Laboratory Instruction
L	Lecture
NCMC	Non-Credit Mandatory Course
NSS	National Service Scheme
NPTEL	National Programme for Technical Enhanced Learning
OEC	Open Elective(Interdepartmental or inter disciplinary)Course

PCC	Professional Core Course
PCCL	Professional Core Course Laboratory
PEC	Professional Elective Courses
PE	Physical Education
P	Practical
SEC	Skill Enhancement Courses
SEE	Semester End Evaluation
SL	Self-Learning
SGPA	Semester Grade Point Average
SWAYAM	Study Webs of Active-Learning for Young Aspiring Minds
TW	Term Work
T	Tutorial
VTU online Course	VTU online courses offered by Centre for Online Education, Mysuru
YOG	Yoga

II. CreditRepresentation

1-hourLecture(L)per week=1Credit

2-hoursTutorial (T)perweek=1Credit

2-hoursPractical/Drawing(P)perweek=1Credit

Teaching&LearningScheme

As per the new National Credit Framework (NCrF), 30 hours of learning of a student is considered equivalent to 1 credit. A semester is considered as a 14-week period of academic interaction with students. The learning components are categorized as follows:

1. Classroom Instruction (CI): Includes different instructional/implementation strategies i.e. Lecture (L), Tutorial (T), Case method, Demonstrations, Video demonstration, Problem based learning etc. to deliver theoretical concepts within the classroom measured in Number of hours per semester.
2. Laboratory Instruction (LI): Expressed as number of hours per semester which includes experiments/practical performances/problem-based experiences in laboratory, workshop, field or other locations using different instructional / Implementation strategies.
3. Termwork (TW): Includes assignments, seminars, presentations, case studies, microprojects, field activities, industrial visits, academic preparation duration and any other student activities in Number of hours per semester.
4. Self-Learning (SL): MOOCs (SWAYAM/NPTEL/Industry certified courses), spoken tutorials, online educational resources, self-initiated projects, Learning through digital resources etc. in Number of hours per semester. (If provided in curriculum structure).

	Course Details	
1.	OneCreditTheoryCourses:	
	Teaching-Learningsessionsinasemester	14 hours
	ExaminationpatternforCIEandSEE	MultipleChoiceQuestion(MCQ)
	Teachinghoursperweek-L:T:P	1:0:0
2.	OneCreditLaboratoryCourses:	
	Teaching-Learningsessionsinasemester	28hours(2hourssession /week)
	ExaminationpatternforCIEandSEE	Continuousassessments,labInternaltestandSEE
	Teachinghoursperweek-L:T:P	0:0:2
3.	TwoCreditTheory Courses:	
	Teaching-LearningSessionsinasemester	28 hours
	ExaminationpatternforCIEandSEE	Descriptive
	Teachinghoursperweek-L:T:P	2:0:0
4.	ThreeCreditESC/ETC/PCC/PEC/OECCourses:	
	Teaching-LearningSessionsinasemester	42 hours
	ExaminationpatternforCIEandSEE	Descriptive
	Teachinghoursperweekfortheorycourses- L:T:P	3:0:0
5.	FourCreditProgramCoreCourses(PCC):	

	Teaching-LearningSessionsinasemester	56 hours
	ExaminationpatternforCIEandSEE	Descriptive
	Teachinghoursperweekfortheorycourses- L:T:P	4:0:0
6.	FourCreditIntegratedProfessionalCoreCourses(IPCC):	
	Teaching-LearningSessionsinasemester (Teachingsessions:42hours+Practicalsessions:28hours)	70 hours
	ExaminationpatternforCIEandSEE	Descriptive
	Practicalpartof examination	CIE(No SEE).
	Teachinghoursperweek-L:T:P	3: 0:2

III. Details of Courses

- (1) **Integrated Professional Core Course (IPCC):** The Integrated Professional Core Course (IPCC) refers to a core theory course that is integrated with a laboratory of the same subject. Each IPCC carries 4 credits, with Teaching–Learning hours structured (L :T : P) as either (3:0:2). The theory component of the IPCC shall be evaluated through both Continuous Internal Evaluation (CIE) and Semester End Examination (SEE). The laboratory part shall be assessed exclusively through CIE, with no SEE. However, questions derived from the laboratory part may be included in the SEE question paper to ensure comprehensive evaluation.
- (2) **Non-Credit Mandatory Courses (NCMC):** are aimed at enhancing students' knowledge, skills, and awareness beyond the core curriculum. Successful completion of the NCMC is compulsory for fulfilling the requirements of the academic program. It shall not be considered for the computation of SGPA, CGPA and vertical progression. Each student shall register for the prescribed NCMC(s) in the prescribed semester. A student who fails to qualify in the prescribed NCMC shall not be eligible for the conferment of the degree.
- (3) **Professional Elective Courses (PEC):** A professional elective course (PEC) is intended to enhance the depth and breadth of educational experience in the Engineering and Technology curriculum of the same discipline.
- (4) **Open Elective Courses (OEC):** A open elective course (OEC) is a course offered by departments other than a student's parent department. These interdepartmental /interdisciplinary courses allow students to explore disciplines beyond their core area of study. These courses are intended to promote interdisciplinary learning, broad-based education, thereby enhancing a student's overall knowledge, creativity, and employability. Registration to open electives shall be documented under the guidance of the Program Coordinator/ Advisor/Mentor/Proctor.
- (5) **Ability Enhancement Course Laboratory (AEC):** An Ability Enhancement Course Laboratory is a practical, skill-oriented lab course designed to strengthen students' practical abilities, professional competencies that support communication, environmental awareness, computational thinking, interdisciplinary learning, and applications skills through hands-on learning experiences.
The laboratory may pertain to disciplinary or interdisciplinary involving experiments, design tasks, and mini-projects aligned with current industry practices.
- (6) **Skill Enhancement Courses (SEC):** These courses are intended to develop specific practical skills and competencies that improve students' employability, technical proficiency, and professional readiness to bridge the gap between academic and industry requirements. These courses emphasize hands-on training, application of theoretical knowledge, and development of discipline-relevant and transferable skills required in industry and society, and develop entrepreneurship and start-up skills.

- (7) Online Courses:** Online courses are educational programs delivered over the Internet through a digital platform, allowing students to access lessons, assignments, and discussions from anywhere at any time. Most online courses offer flexibility, allowing students to access materials and complete assignments on their own schedule. However, students have to pass the course within a stipulated period as per the norms of the university.
- (8) VTU Online Courses:** VTU Online courses are online courses offered by Centre of Online Education (COE) Mysuru. A wide range of multidisciplinary courses are available to learners anywhere, anytime to earn university-prescribed credits through proctored examination for the award of a degree.
- (9) NPTEL/SWAYAM Online Courses:** The National Programme on Technology Enhanced Learning (NPTEL)/SWAYAM (Study Webs of Active Learning for Young Aspiring Minds) are the specific Indian platforms to host national Massive Open Online Courses (MOOCs). It offers online courses on a wide range of disciplines to learners anywhere, anytime, to earn university-prescribed credits through proctored examination for the award of a degree. All NPTEL/SWAYAM courses are MOOCs, but not all MOOCs are offered on these specific Indian platforms.

IV. Ability Enhancement Project (AEP)/Skill Development Project (SDP)

An Ability Enhancement Project (AEP) or Skill Development Project (SDP) is a focused project aimed at enhancing specific skills or abilities in a particular domain. It's designed to bridge the gap between theoretical knowledge and practical application.

Key Objectives:

1. Develop practical skills relevant to the industry or field.
2. Enhance problem-solving, critical thinking, and analytical abilities.
3. Improve communication, teamwork, and collaboration skills.
4. Apply theoretical concepts to real-world problems or scenarios.
5. Foster creativity, innovation, and entrepreneurship.

Characteristics:

1. Practical and hands-on approach.
2. Industry-relevant skills and tools.
3. Mentorship and guidance.
4. Opportunity to work on real-world projects or case studies.
5. Emphasis on skill development and enhancement.
