Respected Sir,

Received your mail asking for communications held with BIOCON Foundation on submission of Invoices towards expenditure incurred in setting up of Digital Library and Computer Lab. We were in contact with Mrs. Pratima Rao, Director Biocon Foundation till the procurement of Desktop computers. Madam has sent a mail and made a request to us to be in touch with Mr. Prabhjot for further communications. Hence we were in contact with Mr. Prabhjot. When we had a communication with Mr. Prabhjot **over the phone** regarding submissions the invoices in a stage manner as and when procurement completes. **He clearly said that he had been instructed by Madam Pratima Rao to submit all the invoices one time**, which will make it easy for them to take the necessary approval and get sanctioning the amount. Hence we waited upto software procurement and its related documents. Sir, I would like to bring to your kind notice that we have **received the detailed documents from Easylib company on 18th June 2020**. As soon as we received details from easylib company we initiated the request on 20th June 2020 itself by sending an email and hard copy of documents are sent through speed post.

These are all the communications held with the BIOCON Foundation. I have also attached the email copy of Madam Pratima Rao who has directed us to be in touch with Mr. Prabhjot for your kind reference.

Thanks & regards,  
Balavant Patil

**Subject:** Re: Forwarding scanned copies of Invoices.

Respected Pratima Madam,

Greetings from VTU-NASD Dandeli.

we extend our sincere thanks for your reply . We understand the difficult phase of what the country is now undergoing and we respect your support to the nation by standing firm with our people through your CSR activities. Mam we feel really thankful to be associated with BIOCON Foundation for being with us in establishing Digital Library and Computer Lab which is best used for providing skill development training to most needy aspirants. Last year with the use of this facility we were able to train 400 plus students (including CNC trade) at VTU-NASD Dandeli. the institute is developing under your kind support and guidance with an objective to provide best learning platforms for every aspirant. We could do all this because of your facility support of computers at our center. Currently 5 trades are in function and 1 trade is in process of setup.

on-going trades

- 1) CNC Operations and Programming
- 2) Automotive painting
- 3) Accounts Executive
- 4) Data Entry operations
- 5) Computer Hardware and Networking
- 6) Basic and Industrial Electricals (process of setup).

Out of 5 ongong trades , 3 are best using your facilities. Using this facility we do offer internship courses like

- 1) Internet of Things (IoT) for BE Students
- 2) Advanced Excel and Tally erp 9.0 with GST for B.Com students
- 3) Basics of computers for B.A, PUC and even School students from nearby government schools.

The library software (easy lib) has really helped us to provide e-resources to students for their advanced understanding on the selected trades.

Mam about your query on :

Feasibility of such advanced software for basic level of instruction was still under discussion at that time and we were not aware of the final financial requirement.

As per trailing mail communications attached along with this mail, Mam it was on Tuesday, June 26, 2018 2:35 PM you had directed through your mail to us to negotiate with easy lib over the amount so that it can be better utilised by you for purchase of printer, projector and screen. As per your directions and trailing mail sent on Wednesday, June 27, 2018 12:42 , a negotiation (orally) was done and a request to Mr Vasu, Easylib was made to reach out to you with the quotes for final negotiation and approval from your end. After this conversation, the procurement process began and we thought the final negotiated amount was done by Biocon Foundation , hence we adhered to the quote submitted.

Madam, we will be ever thankful to you for your continued support in this journey of Skill development and Livelihood creation among needy aspirants. We request you to kindly reconsider our invoices for part payments release at least (in 2 to

3 step payments) so that we can use up the received amount for creating more opportunities of learning as most of the people are now badly in need of skill development training and placement support due to COVID-19 pandemic situation.

Looking forward to your continued support and guidance as always.

Thanking you

Mr Balavant Patil

Dear Mr Patil,

Hope you are doing well.

We have received the hard copies of the invoices. If we had received the invoices before 1<sup>st</sup> April 2020, we would have taken Board approval and included it in the budget of FY20-21.

We have already complied with the supply of computers, projector and printer in FY18-19 as per commitment. Feasibility of such advanced software for basic level of instruction was still under discussion at that time and we were not aware of the final financial requirement.

As all budgets are pre-approved and large amounts have been allotted to COVID-19 activities including distribution of food kits and the setting up of a COVID-19 test centre, it will be difficult for us to consider the funding at this time.

Best wishes,

Pratima Rao

Respected Madam,

Greetings from VTU-NASD, Dandeli!!

Trust that you and your team are safe and healthy!!!

Once again we extend our sincere thanks for your donation of the Computer lab and Digital library facility to our institute under your CSR. The layout of the lab and projection area are perfectly fit in the place. As a part of the Computer lab set-up and Digital library, you have sent us the Desktop computers, LCD projector and a Printer. You had asked us to procure the planned furniture and Digital Library software and upon the submission of the invoice reimbursement will be done by BIOCON. In this regard herewith I am sending scanned copies of both the invoices with our Bank details for your kind perusal. Hard copy of the same has been dispatched through speed post already.

Please do the needful.
