ABOUT VTU

Visvesvaraya Technological University, named after Bharath Rathna Dr. Sir. M. Visvesvaraya, began its journey in the year 1998 and has established as one of the largest technological universities in the country with 200+ engineering colleges affiliated to it. VTU imparts technical education to more than 4 lakh students under its 35 UG and 94 PG programs. There are over 592 departments of affiliated colleges recognized as research centres across the state. Recently, the university has been awarded with the Best University in the country with regards to use of advanced technology in the field of conduct of examination, evaluation & result declaration. VTU has established 25 extension centres/centres of Excellence throughout Karnataka & entered MOUs with more than 25 reputed National & International organisations/ Multinational companies. It is known for having different pedagogy, procedures, traditions, excellent physical infrastructure and also for having a pool of intellectual and professional academicians.

CENTRE FOR POST GRADUATE STUDIES

Centre for Post Graduate studies, Belagavi was established in the year 2002 with all necessary infrastructure required for imparting quality education. There are five full time and two part time M.Tech. programs as well as MCA and MBA programs with full time well qualified and experienced faculty in all the departments.

COMPUTER SCIENCE AND ENGINEERING DEPARTMENT

Department of Computer Science and Engineering was established in the year 2006. Faculty of the department have wide professional expertise and are actively involved in research and technical services. The area of research includes image processing, network security, Big data analytics, machine learning and many more. The department is also very active in manpower development and regularly organizes tailor-made workshops and training programs.

ABOUT SCILAB

Scilab is a scientific software package for numerical computations providing a powerful computing environment for engineering and scientific applications with capabilities equivalent to MATLAB. Scilab is used in major strategic areas of industry and services such as space, aeronautics, automotive, energy, defence, finance and transport. The use of Scilab in plethora of applications makes it an essential pre-requisite for all the students and faculty to be acquainted with. Therefore, this workshop aims at importing basics of Scilab including hands on sessions.

COURSE CONTENTS

Day 1:

Session 1:

1. Scilab Environment, Workshop, Scinote
2. Creating Matrices

Session 2:

1. Indexing, Operators
2. Plotting Graphs

Day 2:

Session 1:

1. Functions in Scilab
2. Numerical methods - Linear Algebra Applications

Session 2:

1. Solving ODEs
2. Applications - Image Processing

WHO CAN APPLY?

Faculty members from any stream from AICTE approved engineering colleges.

REGISTRATION

Participants interested in attending the workshop must register online at workshop.vtu.ac.in. The registration fee of Rs. 500 / should be in the form of demand draft in the favour of Finance Officer, VTU, Belagavi. The participants will be provided with the course material and certificate. The hard copy of the registration form with signature of the participant and the principal/head of the institution may be submitted at the time of workshop. **The number of Participants is restricted to 50. Participants are requested to get their laptop during workshop for hands-on training.**

RESOURCE PERSONS

Leading academicians from reputed institutions like IIT Bombay, KLE Technological University, Hubli and other organizations.

VENUE & IMPORTANT DATES

Workshop will be conducted at- Senate hall, Visvesvaraya Technological University, Belagavi.
