Company Profile:

About Us

Home First Finance Company (HFFC) is a young Housing Finance Company founded by two eminent bankers - Jerry Rao and P S Jayakumar. Bessemer Venture Partners, a 100 year old US based PE Fund and TATA Capital Growth Fund are investors in HFFC

What we do: We provide housing loans to low and middle-income individuals. A majority of our customers are first time home buyers and find it challenging to deal with big financial institutions for their home loan requirements. Loan amounts for these homes typically vary between 1 lakh to 40 lakh Rupees.

What then makes us different from other Housing Finance Companies? It's not what we do; it's how we do it; we make smart use of technology to provide innovative solutions for our customers. This includes door-step services, paperless processes and easy prepayment options. We create imaginative products and processes to deliver a superior customer experience. We are evolving continuously and building a new age organization
