International
Society of
Waste Management,
Air and Water

Ideal Homes Township, Rajarajeshwari Nagar, Bengaluru - 560098, Karnataka

Ph: 080-28603158 | Telefax: 080-28603157 | Website: www.gat.ac.in | Email: info@gat.ac.in

ABOUT GAT: Global Academy of Technology started functioning in 2001 with the monumental objective of promoting academic excellence and competence in students, especially in the fast-growing global domain of Engineering Technology and Management. This renowned college is managed under the National Education Foundation, a trust dedicated to the cause of imparting quality education. Located in the picturesquely beautiful Rajarajeshwarinagar, Bengaluru, Karnataka, the college stands out for its magnificent buildings, ultra-modern infrastructure, fascinating blend of architectural excellence and functional values.

ABOUT THE SYMPOSIUM AND WORKSHOP : Electrical and Electronic items have become a significant part of today's world. With improvement in digital technology, the life of E-products have reduced, thus promoting consumerism and simultaneously producing large quantity of Electronic waste. The concern which the huge amount of E-waste lays on the developing economies is humongous. This E-waste management issue has to be attended at various fronts such as technical, economic and socio- cultural. The major objective of this workshop is to provide the participants with the knowledge and understanding of how E-waste should be handled, collected and sent for recycling. Thus, participants will be requested to make a blue print of their action plan by the end of the event with the help of others and provide solutions before they get back to their area of influence.

About ISWMAW : It involves in spreading awareness, carrying out research and implementation activities in the areas related to waste management world wide to promote environmentally sound waste management practices, effluent treatment, Air and Water pollution control practices and general environmental protection awareness in different parts of the country and abroad.

RESOURCE PERSONS : Learned professionals and academicians from eminent institutes, representatives from KSPCB/CPCB authorized E-waste collection companies/NGOs, recycling companies and other stakeholders will be addressing the participants.

POSTER PRESENTATION : Posters related to E-waste management are invited. Please submit abstract of not more than 250 words by 08/01/2019.

WHO SHOULD PARTICIPATE ? : Students & Faculty members of the educational institutes, Residents Welfare Association, Apartment communities/representatives, E-waste collectors, E-waste collector cum dismantlers, E-waste recyclers, Bulkgenerators of E-waste, NGOs and other active citizens who wish to learn & bring a change in the way E-waste is managed for sustainable development and green future.
