Eligibility criteria for T4 – Junior Engineer

60% and above in 10th and 12th and 55% in graduation

Our Learning Program Your learning journey with Mindtree begins in our Bhubaneswar office (a.k.a. Mindtree Kalinga), where you get to spend 8 weeks with fellow graduates in our unique learning oriented environment (a.k.a. Orchard). Your learning Leads have been hand-picked from our IMTS delivery organization to expose you to real-life experiences and knowledge that will help you prepare for LIVE projects once you successfully complete our Orchard program

Duration and completion: The residential learning program is spread across 8 weeks at Mindtree Kalinga. Learners will have to successfully complete all learning assessments through this period to graduate from Orchard. Thereafter, you will be assigned to a work location that could be Bangalore, Chennai, Hyderabad, Pune or Bhubaneswar, depending on our business need and considering your preference. Whichever location you work from, your learning experience and collaborative experience with colleagues would be similar. Remuneration and benefits Our remuneration is among industry standard **levels with Rs. 2,75,000 p.a.** While in a project, if you are on oddworking hours, you not only get free pick-up and drop from your home to office and back, but you also get a handsome shift allowance for the period.

While at Mindtree Kalinga for your 2 month learning program, you will receive a stipend of Rs. 21,100 per month (Rs. 6,000 would be auto-deducted monthly while at Kalinga for your stay and unlimited laundry). Upon successful completion of your learning program, you will receive Rs. 12,000 (no claim required) as relocation expenses to your new work location. With all the investments Mindtree makes in your career development, a service agreement of Rs. 2 lakhs for 2 years from your date of joining will be in effect.

Given that we operate round the clock to ensure our customer's IT infra is up and running, the work involves 24/7 operations. One of our engineers said, "I prefer working in shifts because of the vibrant energy that likeminded people share on the floor
