ABOUT BHARATIYA CHHATRA SANSAD

The Father of the Nation Mahatma Gandhi once said **"BE THE CHANGE YOU WISH TO SEE"**.

We all talk about the change we want in governance, but are not willing to contribute where it matters the most. Transparent and accountable governance will remain a farfetched idea unless spirited, educated and trained young men and women participate in political and democratic processes.

Bharatiya Chhatra Sansad is the largest classroom of India & the World, which is revolutionizing the mindset of young generation and igniting their spirit to enter public life through politics, with a defined purpose to serve the nation. It is a truly apolitical movement and does not engage in any mainstream party politics. It is transforming the outlook of youth and reaffirming their respect for democracy and its institutions. It is raising the extent of their involvement, interest, their access and their say in political and democratic processes. The platform has also turned

out to be a bridge between political parties and the aspiring youth, willing to choose politics as a career.

Bharatiya Chhatra Sansad has created a youth movement by connecting thousands of youth across the nation with hope and assurance. Politically and socially active students from 450 universities from all states of India go through a rigorous selection process adopted by their colleges independently and 10000 - 12000 of them finally get an opportunity to participate in the flagship annual conclave of BCS. These young leaders are engaged in absorbing academic sessions for four days to discuss and deliberate on a wide range of significant issues. A number of political leaders, thought leaders, intellectual giants, industrial leaders and youth icons of national and international eminence, from all walks of life and spectrum of ideologies provide them the context, analysis, courage, insight and perspective so that they can dream bigger, see clearer and speak louder.

VISION

To create ethical, spirited and competent public leadership in the country, which will shape our policies, make our democracy vibrant and bridge the chasm between the way we are being governed today and the way we actually want to be governed.

MISSION

To ignite the spirit of politics in the youth of today and inculcate public-spirited and socially sensitive values during their formative years. We aim to raise the extent of sensitivity, awareness, involvement, responsiveness, access and say of youth in political and democratic processes so that a healthy democratic system is evolved to produce competent public leaders and policy makers, from the grassroots and from all walks of life.

WHY PARTICIPATE IN BHARATIYA CHHATRA SANSAD

OBJECTIVES

- Connect Politically / Socially active youth of India on one platform for the common purpose of strengthening democracy and to inculcate a national vision.
- Create respect for politics, political leaders, democracy and its institutions and train them for future leadership of the country.
- Raise their awareness, intellect and sensitivity to social & political issues, encourage and motivate students to embrace public life in service to the nation.
- Promote national and regional understanding, inter-cultural dialogue and diversity of ideas and practices.
- Contribute to the personal skills development of Indian youth.
- Provide a forum in which young people can express their own

- opinions, interact with eminent personalities from different spectrums of life, take pledge to uphold democratic values, pass resolutions for social good and submit it to the government for consideration and action.
- Create energetic 'ambassadors' of democracy to replicate the democratic values and influence their peers who are not participants of BCS.

IMPACT

- All the resolutions passed at the annual national conclave are compiled as the 'Declaration' of the Bharatiya Chhatra Sansad and are submitted to the relevant policy making bodies of union and state governments. The resolutions are also submitted to the United Nations and UNESCO for their cognizance.
- Participants are selected for one month comprehensive academic training at Tata Institute of Social Sciences, Mumbai.
- Participants are selected for a 10-day National Study Tour to Delhi, wherein they are exposed to various democratic institutions of national importance. Interactive sessions are held with constitutional authorities, political leaders and leaders from media.
- BCS also develops entrepreneurial spirit - Conceptualize and establish one's own NGO or political party to transform specific areas in the socio-political arena.
- Based on the ideological affinity and interest, inclined, equipped and bright minds are sifted every year for political parties of India to undergo short term political leadership training program at the MIT School of Government. The BCS platform acts as a bridge between the political parties and spirited youth to provide sensitive and groomed leadership to the country.
