DXC.technology

Company Profile:

DXC Technology helps our customers across the entire enterprise technology stack with differentiated industry solutions. We modernize IT, optimize data architectures, and make everything secure, scalable and orchestrated across public, private and hybrid clouds. The enterprise technology stack includes ITO; Cloud and Security Services; Applications and Industry IP; Data, Analytics and Engineering Services; and Advisory. We combine years of experience running mission-critical systems with the latest digital innovations to deliver better business outcomes and new levels of performance, competitiveness and experiences for our customers and their stakeholders. DXC invests in three key drivers of growth: People, Customers and Operational Execution. The company's global scale, talent and innovation platforms serve 6,000 private and public-sector customers in **70 countries.**
