DRIVE 05

HCL

Company Profile:

HCL Technologies is a next-generation global technology company that helps enterprises reimagine their businesses for the digital age. Our technology products and services are built on four decades of innovation, with a world-renowned management philosophy, a strong culture of invention and risk-taking, and a relentless focus on customer relationships. HCL also takes pride in its many diversity, social responsibility, sustainability, and education initiatives. Through its worldwide network of R&D facilities and co-innovation labs, global delivery capabilities, and over 150,000+ 'Ideapreneurs' across 49 countries, HCL delivers holistic services across industry verticals to leading enterprises, including 250 of the Fortune 500 and 650 of the Global 2000.

Position: We are interested in conducting a recruitment drive for 2 opportunities that are open with us, which are –

1) Analyst
2) Software engineers.

Candidates who do not meet the criteria for **direct recruitment** also have the special opportunity **(HCL First Careers)** of getting trained by HCL and then placed internally. The program details and eligibility are as mentioned below.

HCL First Careers program for Fresher Engineers is the launch pad for entry-level job roles in HCL Technologies. During the 6-month job training at the end of which a job is assured for those who complete the program successfully, candidates undergo three months of Extensive Classroom Training (offered virtually) and three months of Professional Practice Term where candidates get to work on **live global projects** in HCL Technologies.

HCL currently conducts both direct campus recruitments (for a limited period) and First Careers (the training program) **for below mentioned eligible candidates. We hope you take the fullest advantage of this opportunity by opting for both the programs simultaneously and thus obtain maximum selections from your campus.**
