Company Profile:

About the Company:

We Kirloskar Electric company Ltd are pleased to inform you that our company is offering campus placements for efficient graduates from your college.

We offer different positions for freshers based on their skills and our mission is to secure capable graduates and train them to exceed their limits.

Kirloskar Electric Company Ltd. is one of the leading Indian electrical engineering companies. Established in 1946, Kirloskar Electric was the catalyst for industrialization in India.

Kirloskar Electric produces more than 70 products under eight product groups. We cater to core economic sectors such as power generation, transmission & distribution, transportation, and renewable energy, to name a few.

The Kirloskar Electric organization comprises nine manufacturing locations and 34 sales offices spread across the country. We have a large network of spare parts dealers and service centers. This enables us to provide premium products, exemplary systems & services at competitive rates to our clients.

Our products are known for their high quality, durability, and reliability. This is due to our emphasis on design, engineering, and manufacturing. We adhere to international standards by acquiring & adapting latest technologies along with in-house R&D.
