Website: <https://thetapacademy.com/>

### Why TapAcademy?

1. We use state of the art augmented reality technology in teaching and are the first ed-tech company to do so. Our live classes are conducted from hi-tech studios in which cutting edge animations and graphics are used to visualize the concepts for easy understanding of complicated concepts.

<https://www.youtube.com/watch?v=CcwKmKp77ss>

2. Our Learning Management System(LMS) is the backbone on which our classes are delivered. It provides an ecosystem for the students to learn, revise, code, attend live classes and also get their doubts clarified in real time. Please click on the link below to experience our methodology in real time.
3. We have a robust placement cell through which we have been providing unlimited placement opportunities to our students till they get placed. Through this program we would also provide 10 placement opportunities for the eligible students enrolling into the Campus to Corporate program and completing it successfully.

### **Tap Academy - Campus to Corporate Program:**

- i) Mode of Training: Online Training with LMS .
- ii) Duration of Free Online Training: 150+ Hours of learning, 50 days duration.
- iii) Eligibility Criteria : Year Of Passing 2022(Training for all the Branch, Placement for Circuit Branches).
- iv) Overview Of Online Training Content: Aptitude, HTML & CSS, Java Foundation, Python Foundation, Programming and Algorithms, Solving Product Based company questions (Flipkart, Amazon, Microsoft, DeShaw, Adobe, Walmart) Soft Skills and Personality Development, Resume building , LinkedIn Profile Building and Email Etiquette.
- v) Regular coding assignments, Quizzes and Hackathons with leaderboards.
- vi) Certificate : Yes(E-Certificate) upon completion of course.

### **Benefits:**

#### **1. Build Strong Programming Foundations:**

The CCP gives the aspirant an extremely strong foundation on two languages i.e Java and Python. The student would understand both object oriented and scripting style of programming using which he would become an extremely robust and well rounded programmer.

#### **2. Boost Logical Thinking Ability:**

By Solving over 70+ coding questions the student would build the logical thinking ability to tackle complex problems and write efficient coding solutions.

#### **3. Strong Understanding Of Online Coding tools and IDE's:**

90% of IT companies conduct their test using online coding tools such as HackerRank and Mettl. Through our LMS a student would get a simulation of these tools and will be well versed with coding online and passing test cases.

#### **4. Road Map of different career opportunities in IT:**

Throughout the duration of the course the students would be introduced to the different career opportunities that exist in the IT industry such as Front-end, Back-end and Full stack Development so that they can make an informed decision.

#### **5.Placement Opportunities:\***

For the students who successfully complete the course TapAcademy would be providing 10+ placement opportunities through our placement cell.

**Tentative date of commencement of online training from 18-10-2021**
