" THE DREAM FACTORY 2022"

### Company Profile

Greetings from Kodnest Technologies Pvt Ltd.

We have a Program aimed at providing IT-based skill development along with placement opportunities across India for absolutely free of COST. We are also tied up with more than 500 IT companies who directly recruit students from us at Zero Cost again. Your support and guidance will help us take this to every corner of our country and help build skills and employability

All productive ideas need to keep continuing and we are back with the most anticipated and fruitful project " THE DREAM FACTORY 2022". We are extremely delighted to extend the Dream factory program with more value addition to this edition with world-class training comprising a blend of Technical + programming + Aptitude + Interview etiquette all at one place and the most important takeaway is that we have 45 days of placements for those students who complete it successfully along with internship certificate too. Let's join hands in making the future engineers more equipped and ready for the IT industry and KodNest has now initiated a new program for all Tech Graduates who are in their final year called The Dream Factory A kodnest 2022 project in which No Commercials are involved.

A brief on who we are:-

**KodNest Technologies Pvt Ltd** is a product-based software company in the ED-TECH space offering various solutions to Students/Colleges/Universities and also Hiring partners. We are an ISO

**29990:2010 and ISO 9001:2015 certified company** for its quality in informal education & also **Recognized by the Govt of India.**

KodNest Technologies is a premier skill development company with its corporate office in Bangalore offering an entire range of services involved in training, development, and Employment.

<http://www.kodnest.com/>

The Dream Factory is a project for which kodnest holds the proprietary of all content, delivery, and improvement of the final year students across India in a partnership with Colleges, Institutions, Universities, etc. We are taking this huge step, keeping in mind just one thing which is to make students be more equipped to face interviews confidently by enhancing their skillsets meeting the IT Industry's expectations, and enabling them to transform into professionals.

### **Kodnest Dream Factory Project 2022:**

Duration: 60 Days / 120 Hours.

Mode: Online (Self paced learning with live Doubt/interaction sessions).

Eligibility: Final Year and Pre Final Year - 2022/2023 Batch.

Course: BE / BTech / MTech / MCA / BCA, BSC(CS), MSC(CS)

Branch: Training for all the Branches but Placement for Circuit Branches.

Training Content: Aptitude, Technical with Programming, Personality Development & Resume Building.

Kodnest will also provide 45 days of placements for the 2022 batch graduates from across all circuit branches (with no active backlogs & company's criteria) upon successfully completing the internship and training program, however, the 2023 batch students can complete the internship and get skilled which would help them in their campus placements immediately.

If there are still some students who have not got their First job upon successful completion of the Dream factory program then we are also going to select **300 students for this full-stack program with unlimited placements provided** they meet our above expectations and clear our final face 2 face interview.

### **Takeaways for Colleges/Universities / Organization thru this association:-**

1. All Colleges/Universities will have this 60-days intensive training program( Technical with Programming + Aptitude + Personality development + Resume building) for all the students for completely Free and not a single rupee would be charged at any stage.

There are rewards to the students; **the top 10 performing students will get cash reward of INR. 10,000/- as scholarship at the end of the Dream factory training after evaluation of their performance.**
