CIRCULAR

Subject: Submission of the Draft Syllabus of 3rd and 8th-semester of undergraduate engineering programs for Scheme 2022

Reference: Proceedings of 171st Executive Council meeting held on 10.02.2023

The syllabus is the most important document that expresses to the reader(student) the instructor's (teacher's) intentions regarding course content, learning goals, assessment approach, and expectations. It outlines for the reader what is expected to transpire during the course and what should be learned. The syllabus is great for communicating course content, information, and structure to students.

The curriculum needs to meet industry demands. It should be agile enough to adapt to the growing needs of an emerging industry. Each board of studies has started working out a series of solutions to bridge the skill gap.

The input of experienced and expert teachers of affiliated colleges is also helpful in this regard. Therefore, it is requested experienced and expert teachers step forward and submit the draft syllabus for the courses(subjects) in which they are expertise. The submitted syllabus will be placed before the respective board of studies for reference, and consideration. The email id for submission of the draft syllabus is sbhvtuso2022@gmail.com. The last date for submission is on or before the **15th of May 2023**. There is a link to the scheme of teaching and examinations @ <https://vtu.ac.in/en/b-e-scheme-syllabus/#menu07>

All the principals of the engineering colleges under the ambit of the university are informed to bring the circular to the notice of all the concerned and encourage them to submit the draft syllabus of the subject in which they are experts.

Thanking you,
