VTU Regional office, Mysuru

### Dr Basavaraj Gadage

Regional Director,  
VTU Regional office, Kalaburagi

### Dr Venkatesh G S

PG Coordinator  
VTU PG Centre, Bengaluru

### About the University

Visvesvaraya Technological University VTU is one of the largest Technological Universities in India with more than 3,25,000 students across UG and PG courses. It has secured 63rd Rank in the University Category and 95th position in the Management category in NIRF 2023 rankings. It came into existence in the year 1998 to cater the needs of various industries imparting sound theoretical knowledge and practical exposure

### About the Workshop

Intellectual Property Rights (IPR) with special reference to patent plays a vital role in enhancing the socio – economic prosperity of the country. The economic functioning of IPR can be thought of as minimization of transaction costs (search, bargain, and enforcement) and the optimization of time to fruition and avoidance of duplication. One can agree that the first best IPR policies are not

only to minimize the transaction costs and conflict of interests but they provide incentives to invest on innovation which in turn maximizes wealth of a nation. Hence, it enhances motivation to disseminate scientific and technological information which in turn stimulates research and development for improvement of the quality of life. In India, patent applications can be filed by a patent agent or an individual having some scientific and technical background to understand the invention. However, no one can understand the invention better than the inventors themselves.

### Objectives of the FDP

- To ignite awareness about the Intellectual Property Right (IPR) among faculty members and research scholars.
- To provide an understanding of basic concepts of research and its types, literature review and ethics in engineering research
- To provide an understanding of basic concepts of IPR related terminology.

### Expected Outcomes

This programme is planned to help the participants to make him/her fully aware of all aspects of patenting game. The main aim of this programme is to teach every participant to do-it-him/her self to protect his/her idea or innovation by obtaining patents for them

### Resource Persons

Dr. Santosh M Nejakar. Professor  
Dr. Vivek Anand Sagar. IP Consultant.  
Mr. Nagarjun. IP Consultant, KSCST.
