CIRCULAR

Subject: Re-circulation of Circular Regarding Retention of Old Syllabus for BCV703 - Prestressed Concrete regarding...
Reference: The Hon'ble Vice-Chancellor's approval dated: 13.11.2025

Sir/ Madam,

It has come to notice that, several faculty members teaching the course **BCV703 - Prestressed Concrete** are referring to the draft syllabus that had been circulated earlier for opinion. However, due to the absence of feedback from the concerned colleges and faculty, the **existing (old) syllabus** available on the VTU web portal has been **retained** for this course.

It appears that some faculty members were not aware of the earlier communication/circular regarding the retention of the old syllabus. Therefore, this is to inform all concerned that the copy of the **related circular** has been uploaded on the VTU web portal on **15.09.2025**, and can be accessed at the following link for reference:

<https://vtu.ac.in/wp-content/uploads/2025/11/2973-BCV703-All-college-circular.pdf>

In view of the above, the said circular is **hereby re-circulated** for the information of all concerned faculty members and institutions offering the course.

All Principals of affiliated colleges are hereby informed to:

1. Bring this circular to the notice of all concerned faculty members handling the course **BCV703 - Prestressed Concrete**, and
2. Obtain their signatures in acknowledgment of having noted the same.
3. Send a scanned copy of the signed acknowledgment to **registrar@vtu.ac.in** /**sbhalbhavi@vtu.ac.in** without fail.

Thanking you

Encl: Circular 2973 BCV703- dated 15.09.2025

CIRCULAR

Subject: Retaining the existing Syllabus for BCV703 – Prestressed Concrete (7th Semester Civil Engineering) – regarding

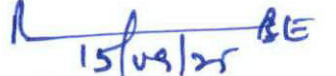

Sir/Madam,

As per the direction of the Registrar, an email dated 25.08.2025 was circulated along with two syllabi (the existing syllabus and a revised syllabus of BCV703 – Prestressed Concrete, proposed by the previous Chairperson, BoS, Civil Engineering). Opinions were invited from the faculty members handling this course on or before 27.08.2025, with the intention to implement the revised syllabus if a majority supported the same.

Since the commencement of the 7th semester classes (on 04.08.2025), nearly three weeks had already elapsed at the time of circulation. However, only two responses were received within the due date, and by 15.09.2025, only five responses were received in total. Considering that this course is common to all colleges offering Civil Engineering, implementing a new syllabus in the middle of the semester would create difficulties and inconsistencies during teaching and examinations.

In view of the above, it has been decided to **retain the existing syllabus for the course BCV703 – Prestressed Concrete** for the current 7th Semester.

All Principals of affiliated colleges are hereby requested to bring this to the notice of the concerned faculty and students to avoid any confusion.

Dear Professor,

The opinion was requested before 27.08.2025. However, only three members from various colleges have responded. Therefore, to avoid any issues during the examinations, it has been decided to continue with the old syllabus.

Regards,

Sir/Madam,

As per the direction of the Chairperson, BoS, VTU Belagavi, and based on a few requests and queries received, Dr. Balakrishna Sir has modified the syllabus of the course **BCV703 – Prestressed Concrete (7th Semester, Civil Engineering)**. The revised syllabus reflects considerable updates compared to the earlier version.

For your reference, both the following documents are attached herewith:

- Old syllabus (dated 14.08.2025)
- Updated syllabus (dated 22.08.2025) **Each attached file carries the date in its footer.**

Since the classes for the 7th Semester commenced on **04.08.2025**, nearly 25 days of teaching have already been completed. At this stage, your opinion is sought on whether it is advisable to implement the revised syllabus immediately.

- If the **majority of faculty members are prepared to adopt the updated syllabus**, an official circular will be released for its implementation.
- If the **majority do not agree**, the old syllabus will continue for this semester.

All faculty teaching this course are requested **not to treat the attached revised syllabus as final** until the decision is formally notified. Based on the majority feedback received, the final decision will be communicated officially.

We request you to kindly share your opinion at the earliest.

Submit the feedback on or before 27.08.205

Thanks and Regards

Prof. S. B. HALBHAVI
