All VIII semester students must complete the PEC and OEC through **online mode** by selecting courses from the **BoS-approved list** made available by the University. It is observed that, in the scheme pages of the programmes: Civil Engineering, Biomedical Engineering and Electronics and Instrumentation Engineering, certain courses listed were selected from **NPTEL during the academic year 2023–24**. Some of these courses may no longer be available for selection or study on the NPTEL platform.

The currently approved PEC and OEC courses for the VIII semester are made available for selection, study, and examination at the following link:
